Hi Lantz,

Though not required by rule to issue a response within 30 days of receipt of a revision or amendment, we usually try to complete the review within that time frame. However, due to this time of year when many of our staff, including me, are in the field, getting the review completed within that time frame will be problematic. Therefore, I'm letting you know that we are more than half way through, but will need a little more time. I'm targeting a completion date of August 21.

Let me know if you have any questions.

Thanks,
